

It's a  
hard working,  
world-class  
machine.

## Treat it Well.

From the arctic to the desert, under enemy fire or nature's will, the Herc prevails where others falter. And like the Herc, Derco Aerospace succeeds where others fail. For more than 25 years, Derco has led the world in C-130 tip-to-tail fleet sustainment.

**Your aircraft warrants the best.** With extensive experience covering military and commercial platforms, Derco offers fleet management, maintenance, and sustainment activities including all elements of supply chain management, component overhaul and repair, forecasting, demand management, material planning, and complex systems, structures, and avionics upgrades.

**Treat your aircraft well.** Depend on Derco for innovative logistic solutions, spares support, repair and overhaul, and aircraft upgrades. *It's that simple.*

**DERCO**  
AEROSPACE, INC.
