Derco Aerospace signs distribution agreement with Cobra Systems, Inc.

MILWAUKEE, Wis., July 16, 2009 – Derco Aerospace, a Sikorsky Aerospace Services company, has signed an exclusive global distribution agreement with Cobra Systems to distribute Cobra Systems' complete line of pitot static test equipment, pitot covers, hose grip assemblies and test boxes to the global aviation industry. Sikorsky Aerospace Services is the worldwide aftermarket business of Sikorsky Aircraft Corp., a subsidiary of United Technologies Corp. **(NYSE: UTX)**.

“Derco is pleased to represent Cobra Systems as their products play a crucial role in routine aircraft maintenance,” said Paul Fuhrmann, Derco’s Director of OEM & Repair Solutions. “Our partnership with Cobra Systems enables Derco to expand further into the aircraft ground support equipment market, allowing us to provide total aircraft support to our customers.”

For more information, contact Derco Aerospace at 414-355-3066 or visit www.dercoaerospace.com. For more information regarding Cobra Systems, please call 1-800-324-2885 or visit <http://www.cobrasys.com/>.

Founded in 1979, Derco Aerospace, Inc. is based in Milwaukee, Wis., and is a world leader in providing aircraft spares, services, and solutions to customers around the globe. Through solid relationships with premier original equipment manufacturers

- MORE -

(OEMs), Derco maintains one of the largest and most diversified aircraft spares inventories in the world. Derco is a full-service logistics and solutions provider, supporting military and commercial fleets in more than 66 countries. Derco is a wholly owned subsidiary of Sikorsky Aircraft Corp.

Sikorsky Aircraft Corp., based in Stratford, Conn., is a world leader in helicopter design, manufacture and service. Its Sikorsky Aerospace Services business designs and applies advanced logistics and supply chain solutions for commercial rotary, military rotary and fixed wing customers. United Technologies Corp., based in Hartford, Conn., provides a broad range of high technology products and support services to the aerospace and building systems industries worldwide.

Cobra Systems is the leading American producer of Pitot/Static Adapters and associated equipment serving all segments of the world's aviation industry from military and commercial to corporate aircraft. By using innovative technologically and superior parts, Cobra produces the highest quality equipment manufactured to the guidelines and standards of ISO 9001 2000. Cobra also provides a broad range of services including calibration, overhaul and repair of analog and digital test equipment and can overhaul, repair, and bench test most adapters for a fraction of replacement costs. Cobra is owned and managed by a team of aviation professionals who have years of experience in the aviation industry and who have been involved in aircraft maintenance for more than 20 years.
